

# **NOTICE TO ALL QV RESIDENTS:** **RE: SWIMMING POOL HOURS**

**If we are to go back to nighttime swimming hours, the State of Florida Department of Health will require that we have a Professional Engineer certify that we have 3-foot candles of illumination at the pool water surface and pool wet deck surfaces. We have consulted with both a Professional Engineer and with Eau Gallie Electric Company. They have both advised that the cost of doing this at other pool areas has been averaging \$5,000. to \$7,000. the Board of Directors met at a Special Meeting to discuss this and to take action on May 27, 2010.**

**Following a discussion of the options available to us, a motion was made and passed unanimously that we officially adopt the policy that the pool will be open for swimming only between the hours of dawn to dusk. We will be posting additional signage at the pool/clubhouse that there will be no swimming between dusk and dawn.**

**The Clubhouse will still be available for use at hours beyond dusk.**  
**HOWEVER, SWIMMING WILL NOT BE ALLOWED FOLLOWING DUSK!**

**We ask that you voluntarily comply with these new pool hours.**  
**Certainly we cannot afford another special assessment to adequately light the pool to meet state standards for nighttime swimming.**

**If you have any questions, you may contact any Board Member.**

**Thank you for your cooperation.**
